THE IRON AND COAL TRADES REVIEW

General Index to Volume 183

July to December, 1961

[This index contains 14 main sections:—General (alphabetical); Book Reviews; Coal (news of industry and trade); Mining (technical); National Association of Colliery Managers; Iron and Steel (news of industry and trade); Metallurgical (technical); Correspondence; Leaders; Law Cases; In Parliament; Company News; Technical Associations; Trade Statistics.]

A

Accidents in industry, 658, 665, 996
African notes, 177, 449
Air compressor, heavy-duty, 1358
Air compressors, industrial, 142
Argentine, the steel industry of, 1364
Atmospheric pollution, 33
Atomic power group, Crompton Parkinson leaves, 490
Atomic power stations, resin-bonded fabric for, 675
Australia:
  Broken Hill Proprietary Company, Limited, new sinter plant for the, 242
  Coal industry, 810, 1260
  Iron and steel industry, 242, 503, 614, 1022, 1030, 1035, 1262
  Japanese steel mission, 426
  Mount Isa Mines, Limited, exploration by the, 92
  Railway project, £41,000,000, 1134
Austria, the steel industry of, 926, 1377
Automation and the small manufacturer, low cost, 1306
Automation urged for Britain, Department of, 56

B

Belgium, the steel industry of, 54, 127, 1330
Birmingham's new engineering and building centre, 594, 1314
Board of Trade Journal, 75th birthday of the, 656
Boardroom practice, standard, 780
Boiler, operating advantages of new coal-fired, 1363
Brazil:
  Mineral resources, 1364
  Steel industry, 54, 386
Bridgewater Canal, 216
Brindley, James, in the steps of, 34
British Standards:
  Analysis of testing of coke, 144
  Calorific value of fuels, 535
  Cast-iron spigot and socket pipes (vertically cast) and spigot and socket fittings BS 78, part 1, pipes, 1290
  Forks, shovels, and spades, 408
  Measurements of smoke emission, 806
  Metallurgical standards section formed, 1080
  Method for the analysis of iron and steel: BS 1121, part 20, 1961: tin in iron and steel, 1290
  Record year, 717
  Safety valves, revision of standard for, 626
  Steel tubes, revision of standard for, 260
  Structural steel production, rationalizing, 426
  Vickers, hardness test: BS 427, part 1, 1961, testing of metals, 1290
British Transport Commission:
  Coal by rail, Dr. Beeching's drive to move more, 716
  Rail diesel orders for £2,500,000 placed, 712
  Westinghouse contract changes, 811
Bulgaria, industrial production in, 588

C

Canada:
  British Aluminium Company, Limited, expansion project of the, 381
  Iron and Steel Institute's visit to works, 451, 945, 1067
  Iron ore industry, 523, 611
  Natural gas industry, 756
  Steel industry, 67
  Tungsten production, to resume, 1305
Capital equipment, new firm will lease, 490
Capital investment estimate for 1961, lower, 658
Car parking, automatic mechanical, 424
Carburized rods for rock drilling, 446
Ceylon, the steel industry of, 708
Chain grate stoker installation, 370
Chain-link normalizer, 14
Chemical standards, new British, 591
Chile, the iron ore industry of, 972
Chimneys, height and design of new, 585
Citizenship courses for youth in industry, 648
Coke-oven chamber charging ports, gas emission from, 1301
Common Market:
  Britain can combine with Commonwealth, 940
  Britain's entry into the, 777
  British quality standards and the, 548
  Freer movement of labour in the, 604
  Industry's views on entry into, 226, 721, 924, 1035, 1041, 1081, 1258
  Tariff text in English, 1326
Computer Manufacturers' Association, European, 99
Conveyor belt, twisting, 25
Conveyor belting, new method of manufacturing, 1250
Cornish tin mine project, 394, 1394
Corrosion problems in the electrical industry, 77
Council for Scientific and Industrial Research: report on research for industry, 1960, 148
Crane, Common Market potential of new, 861
Cranes, International Standards Committee on, 1078
Czechoslovakia:
  Durham coking coal for, 1033
  Engineering industry, expansion plans for, 122
  Steel industry, 98

D

Davy & United Engineering Company, Limited, big order book of, 970
Direction reverser for industrial tractors, hydraulic, 691
Dominican Republic, iron ore and steel project in the, 319
Duke of Edinburgh's advice to industry, 866
Duke of Edinburgh's study conference, British team for, 1140

E

Economic Commission for Europe:
  Coal expected, fall in European demand for, 668
  Steel committee's priority for two inquiries, 829
Economic council, Sir Robert Shone to head, 1324
Economic planning proposals, Chancellor's, 394
"Efficiency in Today's Factory," conference on, 1040
Electric motors, servicing, 973
Electrical equipment to Europe, exporting, 108, 872, 1289
Electricity charges, coal price factor in, 724
Electrodes, new spot-welding, 1301
Electronic weighing machine sales to Europe rise, 52
Electroslag welding of boilers, 1412
Engine exports, rise in UK, 174
Engineering exports, Britain and, 710
Engineering materials and design, conference on, 993
Engineering orders, 176
Ergonomics in industry, 442
European Coal and Steel Community:
  British membership possibility worries France, 663
  Coal outlook for third quarter, 1961, 9
  Coal policy, move to co-ordinate, 865
  Miners' Charter studied by High Authority, 501
  Ruhr coal cartel, 22, 1144
  Ruhr mineowners want treaty revised, 1376
  Steel capacity by 1964, growth of, 330
  Steel industry, 98, 173, 176, 879, 1325
  Structure of functions, 1071
European Communities, guide to the, 894
European market, selling in the, 1093
European service for British businessmen, new, 1030
Excavator, new hydraulic, 1303
Exhibitions:
  Corrosion, fight against, 718
  Durham coal mining safety, 864
  Engineering, marine, welding, and nuclear energy, 1134
  Engineering materials and design, 1290
  French steel industry, in Moscow, 756
  General Electric Company, Limited: new TV show, 430
  Heating, ventilating, and air-conditioning, 578
  International factory equipment, 989, 1044
  Method study in mining, 1125
  New Delhi industries fair, 241
  Northern Exhibition of fuel and power for industry, 170, 860
  Safety in mining at Nottingham University, 104
  Salford coal and ash handling display at, 557
  Soviet, 43, 145
  Stainless steel in architecture, 1023
  Vacuum melting plant, 1290
  Welding engineering, 474

General—*contd.*

Export control on refractory goods, changes in, 544
Export Credits Guarantee Department, record business of the, 218
Export record, "harmful" attacks on UK's, 1095
Export training centre, opening of first, 559
Exporters get blunt advice, British, 600
Exporters need more help, survey reveals, 492
Exporting to Japan, 1079
Exports, costs level the brake on higher, 68
Exports, firms "lack confidence" to capture, 330

F

Far East, opportunity in the, 63
Federation of British Industries:
  British South-East Asia Trade Delegation's joint report, 63
  Coal prices and production, criticism of, 1165
  Common Market, qualified support for joining the, 121
  East Europe, executive visits, 829
  Technical director, new, 554
Fenner, J. H., & Company, Limited, research centre opened by, 1270
Films:
  Carborundum Company, Limited: "In the Rough," 1013
  Mining Review, 432, 921, 1144
  Oil Engine, a history of the, 1132
  Smith's Make News, 664
  Steel Mills in a Park, Columeta Export Company, Limited, 1142
  Way of King's, the, 1133
Filter, continuous discharge rotary vacuum, 1249
Finland, Britain is neglecting the market in, 542
Forging press, large versatile, 88
France:
  Coal industry, 427
  Coke saving methods in blast furnaces, 99
  Iron and steel industry, 319, 430, 779, 1035, 1045, 1093, 1222, 1377
Fuel cell research company formed, 939
Fuel industries, more competition between, 864
Fuel industries will become asset in five years, 1155
Furnace installation problem overcome, 42

G

Gas in the foundry, 748
Gas storage, underground, 1260
Germany, Eastern, British trade increased with, 54
Germany, Western:
  Coke ovens in production, Ruhr, 1412
  Iron-ore mining, 1415
  Steel industry, 330, 559, 1191
Greece, steel industry for, 556
Grimsby, no more coal through, 815
Guest, Keen & Nettlefolds, Limited, new London office of, 96

H

Heating urged, free competition between fuels for, 766
Holland, geology and mining in, 250
Hongkong as market for UK industrial plant, 1153
Human sciences aid to industry, 1124
Hungary:
  Foundries, £30,000,000 plan for, 1191
  Metal working, investment in, 490
  Steel industry, 656
Hydrocyclone, 371

I

India:
  Alloy steel, present and future requirements in, 1049
  Coal industry, 138, 208, 209, 368, 389, 532, 589, 1187
  Durgapur steelworks, 277, 610, 989
  Ferro-alloy industry, symposium on, 676
  Fuel efficiency, 578
  Machinery production, advance in, 546
  Mineral output, 392
  Steel industry, 277, 447, 472, 474, 610, 917, 989, 1049, 1252
  Tata Iron & Steel Company, Limited, 917
Industrial disputes, fresh thinking needed on, 1142
Industrial flooring, new development in, 744
Industrial injuries benefits improved, 1030
Industry, talks on joint planning board for, 321
Inter-firm comparisons show "best" can improve, 594
Italy:
  Dragline, Rapier giant walking, 1325
  Finsider group output, 418
  German scrap trade with, UK purchases hit, 1166
  Metal Box factory, new £1,000,000, 652
  Steel industry, 1127

J

Japan:
  Exporting opportunities for the UK, 1079
  Imports to be freed, 1377
  Malayan iron ore for, 478
  Mine accidents, to reduce, 68
  Steel industry, 829
  Steel tube production, 675

K

Kenya, the steel industry of, 59

L

Languages, future industrialists need, 876
Liberia:
  Loading pier for ore, new, 321
  Mining scheme's progress, 404
Lurgi gas plant, investigation into third, 279
Luxembourg, the steel industry of, 1142, 1318

M

Machine-tool conference in Manchester, international, 606
Machine-tool industry, 332, 544, 606, 708, 829, 1036
Magnet patent position, Restrictive Practices Court considers, 1138, 1212, 1316, 1368, 1375
Management and quality performance, 935
Management, British Institute of, 883, 1269
Management study grants, 1308
Manby, Charles, plaque to commemorate, 610
Manpower efficiency, employers advised to study, 922
Markets for UK plant in North America, 158
Master Cutler, new, 562
Metachemical machining development, 374
Metal finishing, international standards needed in, 1256
Metal Industries, Limited, marketing co-ordination of, 1083
Methane imports, 991, 1043, 1372
Methane tankers, £10,000,000 to be raised for, 1259
Mexico, the steel industry of, 626
Midland industry reviewed, 666
Mongolia to have steelworks, 530

N

Nab shoal, plan to dredge, 943
National Fuel Efficiency Service, annual meeting of the, 757
New Zealand, the coal industry of, 690
Nickel raised by £60 a ton, UK price of, 45
Nigeria, making coke from coal in, 486
Noise, dangers of industrial, 1321
Non-ferrous metal prices, 168
Northern Ireland:
  Geology, 363
  Steel industry, 1191
Nuclear power progress, a milestone in British, 338

O

Orange Free State, Clydesdale Transvaal Collieries disaster hearing begins in the, 47
Ore conveyor, Cable Belt, Limited, 1,000 ft. fall, 10
Oversea factories, advice on setting up, 52

P

Padley & Venables, Limited, golden jubilee of, 297
Pakistan:
  Coal industry, 88
  South Wales coke for, 486
  Steel industry, 13, 86
Permanent Magnet Association, Restrictive Practices Court and price agreement of the, 1138, 1212, 1316, 1368, 1375
Peru, UK group's part in power scheme for, 320
Pipeline Industries Guild, 1177
Poland:
  Coal industry, 894
  Metallurgical delegation in UK, 1256
  Safety in mines conference, 596
  Steel industry, 308
Power plants for Durham, new, 1418
Power presses, new manufacturing facilities for, 1069
Power station plans, Yorkshire council approves, 168

R

Radio telescope for Science Museum, model of, 666
Rail wagon access ladder, 1344
Railway wagon building a contracting industry, 1312
Redundancy schemes urged for industry, 1306
Reports:
  Alkali, etc., Works, Chief Inspector of, 1960, 11, 33
  British Coke Research Association, 467
  British Institute of Management, 1269
  British Iron and Steel Federation: recruitment and training of technicians, 281
  British Iron and Steel Research Association: steel industry research, 1960, 191
  British Standards Institution, 1960, 717
  British Steel Castings Research Association, year ended March 31, 1961, 530
  Chief Registrar of Friendly Societies, 1960, Part 4, Trade Unions, 1242
  Coal Industry Social Welfare Organization, 933
  Computers and production control, 1298
  Domestic Coal Consumers' Council, 229
  Durham County Mining Federation Board, 1136
  Export Council for Europe, 661
  Gas Council, 772
  Industrial Coal Consumers' Council, 229
  Joint Standing Committee on conditions in steel foundries, 341
  Mines Inspectorate: Chief Inspector, 1960, 413; South Western Division for 1960, 203; North-Eastern Division, 1960, 365; Scottish Division, 457; Durham Division, 531; North-Western Division, 1960, 39; East Midlands, 1960, 751
  National Engineering Laboratory, 1960, 744
  Patent Office, 1960, 38
  Philadelphia and District Mines, 936
  Safety in Mines Research Establishment, 1960, 1025
  St. Dunstan's, for year ended March 31, 1961, 1226
  Select Committee on Nationalized Industries: gas, 431
  United States Bureau of Mines: Energy production and consumption in the US: An Analytical Study Based on 1954 Data, 297
Restrictive Practices Court:
  Permanent Magnet Association, 1138, 1212, 1316, 1368, 1375
  Steel Hinge Makers Association's agreement, 818
River pollution powers, new, 548
Rock mechanics symposium, 518

General—*contd.*

Rotherham College of Technology, extensions at, 994
Rumania:
  Output figures for 1960, 207
  Steel industry, 525

S

Safety and health, industrial, 1188, 1380
Saharan natural gas, contracts signed for, 1372
Scotland:
  Coal fired power station project, new, 382
  Power generation, coal prices and, 1032
  Westfield coal gasification plant, 148
Scotts' Shipbuilding & Engineering Company, Limited, 250th birthday of, 872
Screw thread practice, future, 122
Security scheme for workers, 811
Self-unloading vessel, equipment for, 354
Shipbuilding, union leader's praise for UK, 872
Shipyards, manpower inquiry urged in British, 604
Shipyards' productivity, working party formed to assess, 1332
Smoke control orders covering 1,000,000 premises, 877
Solid suspensions, separating, 371
South Africa:
  Coal industry, 384, 789
  Tube mill, new, 430
Southern Rhodesia:
  Ferro-chrome smelter, 645
  Ore mine, operations start at new, 54
  Rhodesian Iron & Steel Company, Limited, new sheet mill complex for the, 218
  Steel industry, 218, 779
Steel and Coal, 1320
Sweden:
  Acid open-hearth furnace for SKF Hofors Works, 207
  Geophysical studies of Arctic mining area, 455
  Grangesberg Company, bigger ore fleet for, 580
  Ironworks, Swedish-Finnish, 1250
  Market for UK iron and steel, 419
  Nuclear power station equipment, 373
  Ore and steel profits, 320
  Steel industry, 207, 370, 926

T

Tasmania:
  Ore and coal, 78
  Steel proposals, 583
Technical Co-operation, Department of, 219
Technical training, Britain falling behind in, 1253
Tees-side's "fantastic" expansion, 666
Tin Council seeks release of metal by US Government, International, 102
Titanium anodes, development of use of coated, 483
Titanium cut, prices of, 1206, 1268
Tool firm asked to expand in North, Nuneaton, 173
Tool firm plans transfer of export work to Germany, 158
Trades Union Congress, 502, 593
Tube Investments, Limited, new works in North-East for, 594
Tube products, data sheets on, 208

U

Uganda, new steel mill in, 611
United States of America:
  Bituminous coal and lignite, 1116
  Briquetted and packaged fuel, 86
  Coal deposits, controlling fires in inactive, 408
  Coal prospect, 1043
  Energy resources, new report on, 297
  Gamma ray, minerals research by, 148
  Iron and Steel Institute visits: Armco Steel Corporation, 781; Bethlehem Steel Company, 745; Cleveland and Detroit, 1015; eighteen Canadian and US works, 1067; Fairless Works, 563; Homestead Works, 563; Inland Steel Company, 843; Jones & Laughlin Steel Corporation, 627; Monroeville Research Centre, 563; National Forge Company, 693; Union Carbide Corporation, 527; United Engineering Centre, 901; United States Steel Corporation, 563
  Iron and titanium ores of iron mountain, Bureau of Mines circular on the, 1070
  Lukens Steel Company, second 100-ton electric furnace at, 1066
  Metallurgical patents, 41, 151, 311, 533, 1177, 1361
  Oven and beehive coke production in 1960, 308
  Safety campaign in the mines, 644
  Scrap exports, record, 206
  Steel industry, 335, 386, 556, 614, 961, 1031
  Underground gasification, 138
  Utilization of coal and coke, 855
Union of Soviet Socialist Republics:
  Cold forging expert's lectures, British, 430
  Increased trade with Britain, 218
  Open-hearth shops with linear and island-block location of the furnaces, construction of, 735
  Production during first half year, 418
  Rotary excavators, new range of, 368
  Soviet exhibition in London, 43
  Steel and coal production in first half, 1961, 373
  Steel industry, 538

V

Valuation appeals by 20 Scottish firms, successful, 540
Valuation of work in progress, 26
Valve makers, record output forecast by, 938
Venezuela, the steel industry of, 820
Vibratory feeders, conveyors, and screens, 804

W

Wage negotiations, Lord Robens' advice to industry on, 775
Wagon control in marshalling yards, automatic, 261
Wales:
  Ferodo Limited, new factory of, 121
  Steel output, 656
  Trade at ports in South, 103, 318, 501, 714, 979, 1202, 1365
  Traffic, South Wales strangling itself with its own, 936
Warren Spring Laboratory, research at, 638
Water supply problems, solving, 614
Welding engineers, advanced courses for, 890
Welding technology, school of, 858
Whessoe, Limited, opened, extensions to works of, 1080

Y

Yugoslavia, the steel industry of, 392

Book Reviews

Colliery Year Book and Coal Trade Directory, 1961, 310
Cyclones in industry, 582
Foundry moulding sands of India, 1248
Guide to the coalfields, 1961, 40
Measurement of solids in flue gases, 1133
Miners in crisis and war, the, 1024
Miners of South Wales, the, 692
Notes for fitters, 1357
Sea-coal for London, 1289
Surveys of the art of cleaning flue gases, 1133
Taxation in Western Europe, 354
Tinplate industry, survey of, 1069
Workmen at quarries, 1298

Coal

Antarctica, coal samples from, 1020
Apprentices, "vital" role of mining, 1195
Band contest, miners' national, 1310
Birmingham, fewer mining students at, 424
Blast furnace charging systems, evolution of, 885
Blast furnaces, coal injection in, 65
Blyth power station, coal needs of, 448
Boiler, operating advantages of new coal-fired, 1363
Brora Pit to reopen, 716, 812
Cento coal symposium in Turkey, 974
Clean air campaign, miners should head, 870
Coal Industry Social Welfare Organization, 933
Coalite & Chemical Products, Limited, expansion plan of, 10
Coal science lecture, 1019
Coke, overcoming prejudice about, 995
Common Market, coal and the, 337
Concessionary coal agreement, miners', 266, 702, 994
Conveyor, new coal, 1411
Deputies seek a shorter shift, 757
Durham Division:
  "Bull" week output, 1419
  Chairman's review of coal prospects, 937
  Greenside Colliery wins workmanship competition, 884
  Productivity record, new, 995
  Radio control at Easington Colliery, 1266
  Reconstruction in the coalfield, success of, 1029
  Safety drive, 990, 1330
  Sales exceed output, 720
  Undersea coal developments, 104, 445
  Undersea coal reserves of 300,000,000 tons, 104
Dust allowances for miners need extending, 213
East Midlands Divisional Coal Board:
  Bevercotes Colliery to close for repairs, 992
  Denby Drury Lowe Colliery, new lease of life for, 662
  Harworth coke ovens to close, 337
  Langwith Colliery Lurgi plan dropped, 1144
  Output records, 716, 1254, 1255, 1311
  Pit accidents, rise in, 1426
  Productivity record, new national, 920
  Productivity rise, 561
  Stocks, big fall in, 228
Electric power generation, position of coal in, 1019
Export drive at British fair in Sweden, coal, 612
Exports plea, coal, 117
Free trade for fuel, British Coal Exporters' Federation booklet on, 827
Fuel policy, Minister urged to co-ordinate, 68
Gaitskell, Mr. Hugh, on the great future for coal, 1209
Gas, coal for, 431
Gas coke for Venezuela, first cargo of, 930
Hartlepools main trade, iron ore replaces coal as, 384
Hosepipe, coal delivered by, 977
International coal preparation congress, 1298
International conference on coal science, 170
Labour shortage delaying work on new coal faces, 485
Large coal drive, colliery managers back, 974
Leadage increases, pit-to-port coal, 64
Licensed mines output is eased, curb on, 505
Lodging allowance, miners not attracted by, 160
Lurgi gas plant, investigation into third, 279
Machines urged, more intensive use of pit, 1155
Managers, week's course at NCB staff college for all pit, 1126
Manpower shortage, miners' leader's warning on, 164
Mechanization in coal mining, 832
Methane from first Yorks pit for gas board, 567
Methane not alternative to coal, says gas chief, 1096
Midland miners' union dues increased, 612
Million tons target, more pits reach, 1267
Miners' day release courses, success of, 865
Miners' wage claims, 123, 228, 1085, 1151, 1322
Mineworkers' trade unions, 1242

Coal—*contd.*

National certificate in mining, 1310
National Coal Board:
Aircraft ordered, 1372
Anthracite pits, Minister's confidence in new, 160
Apprenticeships during " bulge " period, more, 444
Boiler operator's certificate examination successes, 552
Central Research Establishment, 395
Coal Industry Social Welfare Organization report, 933
Coal News, first edition of, 95
Contracts out of state pension scheme, 52
Management News, first issue of, 171
Mecha..ics and electricians with special responsibilities, more pay for, 990
Price increase proposals, coal, 1151
Principal for staff college, new, 229
Profitable investment, 1029
Publicity drive, links with magazine, 668
Rating value of Smithy Wood coking plant, 827
Remote control mining at Boys and Girls exhibition, 342
Safety year, national, 1323
Self-financing in two years, 1266
Specifications, 86, 456, 692, 1344
Staff Superannuation Scheme funds rise by £12,600,000, 878
Statistical statement for the first half, 1961, 755
Underground manriding, new code for, 974
National fuel policy, miners' chief calls for, 760
National Union of Mineworkers:
Annual conference, Lord Robens addresses the, 3
Branch official expelled, 336
Derbyshire area appoints part-time pit inspectors, 936
Forty-hour week, president calls for, 593
Pit closures inquiry, rejects call for, 1100
President's address on nationalization, 7
Scottish area valuation appeal dismissed, 431
North-Eastern Divisional Coal Board:
Colliery spoil heaps, reducing, 608
Colliery workshop and stores, new central, 228
Cortonwood Colliery accident, 165, 324, 1157
Cortonwood Colliery, skip winding introduced at, 384
Engineering scholarship successes, 722
Former miner's £200 claim, 322
Information centres, 932, 1258
South Barnsley area output record, 382
Northern (N & C) Divisional Coal Board:
Blyth Colliery, modernization scheme at, 937
Haig Pit development, Lord Robens talks to miners on, 46
Linton Colliery sets up UK output record, 1422
Lynemouth Colliery's production record, 1155
Northumberland areas to merge, 1310
Production director, new, 1095
North-Western Divisional Coal Board:
Houses to encourage mine recruits, more, 662
Lancashire, no plan to contract coal industry in, 1096
Price increase proposals, 1151
Productivity record, 1043
Show house opened at Upton, Wirral, 662
Nottingham reservoirs, NCB plans to mine under, 501
Nottinghamshire mining education, future of, 764
Oil, prospects against the challenge of, 171
OMS record, another, 336
Open-cast working on an experimental site, 229
Oxfordshire, coal deposits found in, 212
Packaged boiler, solid fuel, 204
Parliamentary Secretary to the Ministry of Power on confidence in coal, 719
Phimax smokeless fuel, 869
Pit closures not dictated by politics, says Lord Robens, 1271
Policy for coal, rational, 391
Policy for fuel, Mr. W. Paynter's appeal for planned, 593
Polish coal sought for Tunnel Portland Cement Company, Limited, 387
Power stations for Durham coalfield, new, 427
Prepackaging plant for coal, largest, 995
Price increases, manufacturers protest about coal, 1418
Price stability, coal, 557, 877
Price warning by consumers council, coal, 229
Prices, serious effects of rise in coal, 1366
Productivity record, coal, 976, 1043
Rail movement of coal, incentive for quicker, 863
Redundancy payment, Lord Robens explains refusal to give, 384
Remote control mining, Lord Robens on, 123
Safety campaign, excellent results of the, 1267
Safety, progress with, 595
Safety year, national, 1323
Sampling in the United States, accurate coal, 696
Saturday pit working, 660, 764, 864, 933
Scottish Divisional Coal Board:
Accident rate, concern at increased, 976
Coal-preparation plant at Wellesley Colliery, 155
Easton Colliery team wins civil defence award, 992
Fife, mining not a dying industry in, 832
Frances Colliery, improvement of air system at, 234
Headquarters, new, 445
Michael Colliery, new winding gear at, 266
Pit closures, 16, 990, 1084, 1194, 1208, 1254
Pit recruitment, 1376
Polkemmet Colliery miners face dismissal, 810
Price increase proposals, 1151, 1366, 1418
Rothes Colliery, inquiry into, 660
Safety committees, work of pit, 1078
Smokeless fuel plant, 920, 1267
Valleyfield Colliery modernization, threat to, 608
Seaborne coal trade, warning on decline of, 485
Slurry power scheme at Yorkshire colliery, 216
Smokeless fuel allowances, miners doubtful on, 104
Smokeless fuel plant, plan for £400,000, 216
Smokeless fuel, promotion campaign for Sunbrite, 1137
South-Western Divisional Coal Board:
Abernant Colliery will more than meet its obligations, 1271
Anthracite supply, further investments for, 609
Cynheidre and Abernant pits inquiry, MP seeks, 65
Felinfran Colliery, miners oppose plan to close, 171
Future of five pits in balance, 1320
Industrial relation changes, 280
International Colliery's record output, 1196
Labour force in Welsh pits, fall in, 431
Mardy Colliery halfway towards output target, 810
Marketing director, new, 1366
Methane scheme to link more collieries with gas board, 539
Miners' pay increase, 123
Open-cast plan approved, 1310
Spoil heaps, levelling Potteries', 318
Statistical summary of the mineral industry, 43
Steel Company of Wales, Limited, coal imports licence refused to, 263
Transporting coal, 1095
Underground transport of coal by lorry, 856
United States, utilization of coal and coke in the, 855
Vacuum filtration plant, balance valve for, 518
Wage claims, miners', 123, 228, 1085, 1151, 1322
West Midlands Divisional Coal Board:
Areas to merge, 1323
Bicycle for underground inspection, 596
Board members, new, 662
Chairman, new, 662
Chairman to retire, 336
Florence Colliery ahead of 1963 target, OMS at, 505
Houses for miners, own scheme may be started for, 505
Lea Hall Colliery, OMS target passed at, 609
Mines rescue competition, 976
Open-cast working, spoil heap to be cleared to allow, 1260
Output and productivity, monthly, 64, 598, 990, 1032, 1043, 1214
Preparation plant will handle output at three Staffordshire pits, new coal, 279
Teversal Colliery modernization, 552
Winding enginemen, " rebel," 337, 390

Mining

Abernant Colliery, continental roadway support at, 456
Accident trends, mining, 285
Accidents at mines, 638, 804
Accidents at mines in 1960, 413, 531
Accidents in mines, principles of prevention of, 133
Accidents in Scottish coal mines, 457
Accidents in the second quarter, 1961, colliery, 468
Air sampling in Warwickshire mines, 1126
Air seal, twisted chain-type, 912
Armstrong airbreaker, experience with the, 15
Bank Hall Colliery, high-speed tunnelling at, 179
Battery locomotives for Manton Colliery, 262
Belt conveying, deep trough, 526
Belting at pit house drift, fire-resistant, 690
Bold Colliery, hydraulically controlled loading point at, 1295
Boom loader, anti-breakage, 790
Boreholes in the North Staffs Coalfield, 615
Breakage, resilient paddle device for preventing, 132
Breathing apparatus for mines, new self-contained, 468
Brynlliw Colliery, Flexiroll troughing idlers for, 1239
Bunker conveyors in the West Midlands, 1101
Cadley Hill Colliery, major reconstruction at, 1215
Carbonization coals, meeting competition for, 69
Central Engineering Establishment, development and proving at the, 639
Central Research Establishment, National Coal Board's, 395
Coal ploughing in the Beeston seam at St. John's Colliery, 355
Coal-preparation plant at Wellesley Colliery, 155
Colliery managers' annual conference: accidents in mines, principles of prevention of, 133, 479, 639; coal industry today, the, 317; Central Research Establishment, 395; safety in relation to modern forms of support, 677; safety, campaigning for greater, 947
Compressor protective equipment, 1398
Cortonwood Colliery, self-advancing supports at, 569
Daw Mill new sinking, 808
Dawdon Colliery, friction winders at, 1385
Dust diseases, new approach to control of, 363
Dust suppression for coal cutters, effective, 1414
Dust suppression on Anderton shearers, 742
East Midlands, coal mining in the, 891
Electrical equipment in coal mines, 1182
Electrical faults, protection against, 1344
Explosibility of coal dust, 532
Explosives, assessment of, 1380
Firedamp at Granville Colliery, operations and experiences after an ignition of, 463
Firedamp drainage in mines, 1279, 1333
Firefighting techniques, a survey of, 156

Mining—*contd.*

Flywheel locomotives for mines, 725
Fostering good relations in the mining industry, 1185
Friction winder at Hem Heath Colliery, 316
Friction winders at Dawdon Colliery, 1385
Gas "monitors," US tests for coal mine, 532
Girders in stables, handling, 1225
Granville Colliery, operations and experiences after an ignition of firedamp at, 463
Guard for coal cutting machine operator, 788
Gummer bar, hollow ventilating, 477
Gummer, spiral, 86
Gunnstower cleaner bar, 742
Horsehead bracket, Bretby-Follsain, 144
Hucknall Colliery, hydraulic drilling in headings at, 1409
Hydraulically controlled loading point at Bold Colliery, 1295
Hydraulic chocks, remote control of, 788
Hydraulic drilling in headings at Hucknall Colliery, 1409
Hydraulic fluids, use of fire resistant, 1411
Idlers for Brynlliw Colliery, Flexiroll troughing, 1239
Indian mining symposium, 1187
Industrial relations and the mine manager, 208
International coal preparation congress, 404
Iron-ore mining in Britain, 1307
Iron-ore mining in Germany, 1415
Ironstone workings and land restoration, 475
Knee pad, miners', 209
Lightning protection for colliery structures, 431
Linby Colliery: Part 1: Reconstruction and reorganization, 1057; Part 2: Effects of the reorganization, 1117
Linear motors for conveyors, 590
Loader to meet mining conditions, 35
Mechanization and economic coal production, 1363
Mechanization and safety in mines, 309
Method study in mines, 1125, 1167
Mine car loader, 468
Mine cars, speed control of, 625
Minerals review urged, 1042
Mines research in 1960, 1025
Mining Oversea:
  Automatic stocktaking in timber yards, 743
  Coal plough, auto-percussive, 1179
  Cutter for machine stables, 584
  Explosion hazards, 584
  Heading machines in the Ruhr, 743
  Hydraulic stowing in the USSR, 1181
  Infusion properties of coal, 743
  Powered roof supports in Belgium, 584
  Prop setting, airlegs for, 1180
  Roof support and mechanization, 1179
  Scraper loaders for drifting, 1180
  Shearer loaders in Poland, 1179
  Slurry pumps, new, 585
  Ventilation shaft, steel-lined, 1181
  Ventilation surveys and horizon mining, 585
Mining Research Establishment, instrumentation work of the, 79
Ministry of Power:
  Chief Inspector of Mines report, 1960, 413
  Divisional Inspectors of Mines' reports: Durham Division, 531; East Midlands Division, 751; North-Eastern Division, 365; North-Western Division, 39; Scottish Division, 457; South-Western Division, 203
  Mining Qualifications Board: Dates of November examinations, 100; examination changes, 1150; statistics of May examinations, 880; successful candidates in May examinations, 381
Narrow work in coal mining, 833, 903
Ore estimating and mine sampling, mathematical aids for, 1104
Oxfordshire, coal deposits found in, 212, 644
Physical properties of mine rock, 1024
Prop, introduction of new hydraulic, 1413
Roadhead bar, manufacture of SMRE, 1006
Roadway support at Abernant Colliery, continental, 456
Roof bolting, costs of, 578
Roof support problems in South-West Durham, 997
Rope spooling, multi-layer, 132
Safety block, shaft top, 733
Safety, campaigning for greater, 947
Safety in mines, 1237
Safety in relation to modern forms of support, 677
Sampling in the United States, control of, 785
Scotland, current coal production problems in, 243
Self-advancing supports at Cortonwood Colliery, 569
Separator tank, drilling, 1408
Shaft insets, safety bridge for, 1302
Slow-anker, safety device for, 586
South Wales, a historical review of coal mining in, 93
Soviet exhibition, coal-mining equipment at the, 145
Spontaneous combustion in mines, control of, 785
Stemming for coal mine explosives, 1397
St. John's Colliery, coal-ploughing in the Beeston Seam at, 355
Stresses in earth strata, measuring, 640
Stretcher for use on mechanized faces, 144
Sub-bituminous coal, economic use of US, 257
Television when drilling, use of, 412
Thin-kerf cutting at longwall faces, 1359
Thrislington Colliery, experience in working adjacent to the Butterknowle fault at, 997
Tippler, vibrating, 72
Transfer point, anti-breakage, 1416
Tunnelling at Bank Hall Colliery, Lancashire, high-speed, 179
Walking dragline for open-cast coal mining in South Wales, large, 741
Water-jet mining of coal, 625
Water power in mines, use of, 586
Water range conveyor structure, 686
Westfield Lurgi plant, coal for, 806

National Association of Colliery Managers

Annual conference at Edinburgh, 133, 317, 395, 479, 639, 677, 947
Lancashire Branch, 179, 1185
Midland Branch, 15, 1057, 1117
North of England Branch, 974, 997, 1237, 1385
North Staffordshire Branch, 69, 615
Scottish Branch, 208, 243, 833, 1071
South Midland Branch, 79, 285, 891, 1167, 1215
South Staffordshire, Warwickshire, Worcestershire, and Shropshire Branch, 309
South Wales Branch, 93, 725, 805
Yorkshire Branch, 355, 509, 569, 1279, 1333

Iron and Steel

Accidents in foundries, towards fewer, 1083
Alloy steel, present and future requirements of India in, 1049
Automation in steelmaking, 443
Ball or roller bearings, marking of imported, 334
Barrow Steel Works, Limited, sold, 67
Basic slag plant nearing completion, £500,000, 339
Black bars, price changes of high speed steel, 1269
Blast-furnace stack scaffold, removal of, 198
British Iron and Steel Federation:
  Appointments, new, 828
  Building exhibition stand, 1023
  Exports contribution to balance of payments, steel, 339
  Fuel policy, "misguided," government, 1092
  President, new, 1378
British Ropes, Limited, new research centre for, 973
Bromford Iron & Steel Company, Limited: £100,000 expansion of, 119; opening of new plant, 199; workers give up holidays to aid exports, 265
Brymbo Steelworks, Limited, new steel mill commissioned at, 1374
Clean air in the steel industry, move towards, 11
Coal injection in blast furnaces, 65
Colvilles, Limited:
  Blast furnace closed, a, 919
  Fuel oil injection tried out in Clyde Iron Works blast furnace, 1374
  Rights issue, 5
  Steel mill, trial rollings start at new, 1316
Common Market, British steel and the, 569, 1152
Common Market, dearer steel if UK enters the, 1140
Common Market fiscal system, steel industry must adjust to, 1192
Common Market, ironfounders favour entry into, 1035
Common Market, steel managers discuss, 60
Common Market would intensify special steel demand, 854
Consett Iron Company, Limited:
  Chairman on steel setback, 227
  Improved order position, 338
  Output, to cut, 172
Craftsmen, "poaching" of, 1326
Cuts in iron and steel production, more, 435
Depression in steel industry "short term", 876
Dorman Long (Steel), Limited:
  Blast-furnace record, 918
  Cleveland Works, furnaces to close at, 158
  Development programme, 386
  Hunter, Sir Ellis, memorial service to, 830
  Steel products, less demand for, 1272
Durham Steel & Iron Company, Limited, short-time working at, 5
Dyffryn steelworks to close, 450
Electronic weigher, high speed, 626
English Steel Corporation, Limited:
  New works of the, 61
  Vacuum melting furnace to be installed, 440
  X-ray equipment used, 6,000,000 v., 918
Exports in May second highest since the war, steel, 119
Exports, says Minister of Power, steel must emphasize, 174
Ferro-alloy prices, 120, 550
Finned tube for nuclear power station, new process, 588
Firth-Vickers Stainless Steels, Limited, new plant to double stainless steel output for, 993
Furnace closures, 1265
Gas list steel tube prices, 1329
Guest Keen & Nettlefolds, Limited, wire plant extension at, 176
Hadfields, Limited, new steel plant of, 975
Ingot, largest vacuum-cast, 259
Iron and Steel Board:
  Chairman talks of the recession, 969
  Iron and steel output, monthly, 60, 277, 335, 555, 773, 989, 1266
  Iron castings output, 1961, 443, 1153
  Monthly survey of iron and steel, 119, 335, 607, 825, 1045, 1321
  Summers, Mr. R. F., to join, 1206
Iron and Steel Holding and Realization Agency:
  Barrow Steel Works, Limited, sold, 67
  Chairman, new, 1374
  Holdings down to seven companies, 1373
Iron and steel in the mid-19th century, 139
Iron, declining demand for basic, 1265
Iron ore, fall in Tees imports of, 446
Iron ore, Japanese concern over Goan, 1379
Iron ore trade in 1960, 242
Ironfounders favour entry into Common Market, 1035
Ironfounding and the clean air problem, 666
Ironfounding, school-leavers' guide to, 260
Ironfoundries, committee on health in, 504

Iron & Steel—*contd.*

Ironstone inquiry, report on the Oxfordshire, 1207
LD steelmaking, new agreement on, 264
Lysaght's, John, Scunthorpe Works, Limited, rod mill operation at, 941
Manganese, new French company to produce, 375
Nickel supply by Inco president, assurance of, 721
North Eastern Iron Refining Company, Limited, development of the, 120
Nuclear power station, cast steel tube piles for, 334
Ore carriers, world, 744
Park Gate Iron & Steel Company, Limited, Davy-United primary mill for, 828
Partridge Jones & John Paton, Limited, to close Pontymister steelworks, 1321
Philately and the iron and steel industry, 897
Plastics-coated steel, fuel vending machines in, 1077
Pontardawe steelworks to close, 380
Pressed Steel Company, Limited, training centre opened by, 654
Price changes, steel, 975
Profits rise 21.7 per cent., steel industry, 341
Programming system for steel rolling mills, automatic, 1360
Recession, union fears steel, 820
Redbrook Tinplate Works to close down, 989
Rolls, high-precision finishing of, 153
Safety in the steelworks, 854
Scale removal problem solved by recovery grabbing cranes, 1066
Scotland's steel exporters criticized, 758
Scrap for export, European, 1377
Shearing machine for scrap processors, large, 1329
Sheepbridge Company, Limited, blast furnaces to close down at the, 813
Shell mould and coremaking, six-station automatic machine for, 687
Sidewall panels assembled during erection, steel, 38
South Durham Steel & Iron Company, Limited, new iron-ore unloader at Cargo Fleet Ironworks of, 421
Special steel prices, changes in, 211
"Speedicut Vanleda", Firth Brown, 1104
Stainless steel in architecture, 1023
Steel Company of Wales, Limited:
  Abbey Works: five-zone slab heating furnaces, 462; continuous hot-dip galvanizing plant, 1080; giant scrap baling press, 919
  Bricklayers strike, 825, 882, 980
  Chairman's view on economic crisis, 230
  Coal imports licence refused, 268
  Electrolytic tinning line at Trostre, new, 472
  Grange Coking Plant, official opening of the, 251
  Margam Works, reservoir for, 665
  Output, fall in, 867
  Port Talbot works may have to close, 774
  Soaking pits at, electrically operated, 474
  Stores, modernization of, 699
  Tinplate order secured, large US, 392
  Tinplate price, development lowers, 1252
Steel foundries, committee on health in, 442
Steel foundry conditions, 341
Steel strip, Firth Cleveland's new plant for wider, 1041
Stewarts and Lloyds, Limited:
  Coke ovens at Corby, 723
  Ironstone at Corby, quarrying, 37
  Mill to close, 98
  Office and centre, £1,000,000, 1314
  Oxygen plans at Corby, 172
  Production records, 1135
  Scottish operations, 882
Stourbridge Rolling Mills, Limited, sheared sheet service of the, 66
Strike at three Scunthorpe steelworks, 175
Structural steel production, rationalizing, 426
Summers, John, & Sons, Limited, galvanized sheet line at, 227
Swedish market for iron and steel, 419
Taphole drills, blast furnace automatic, 968
Taxation, burden of, 1269
Thomas, Richard, & Baldwins, Limited:
  Explosion inquest, 162
  Foundries to close, 272
  LDAC converter at Ebbw Vale, 1175
  Pontardawe Steelworks postponed, closing of, 541
  Rating appeal, loses £6,000, 978
  Spencer Steelworks, first ore shipment for, 701
  Spencer Works, more senior posts filled for the new, 233
  Tin mine projects in Cornwall, minister bans, 1374
  Tinning line starts production, new, 106, 163
Tinplate works return to capacity output, 98
Training technicians, report on, 281
Tube Investments, Limited, research development of, 938
Ultrasonic testing of large steel forgings, 88
United Steel Companies, Limited:
  Appleby-Frodingham Steel Company development, part suspension of, 773; falling orders continue, 430; production records, 828, 1198, 1211, 1306; short-time warning by, 276
  Common Market prospects, 940
  Distington ironfoundry's record year, 872
  Scholarships, 718
  Short-time working, effect of, 706
  Shuttle cars order, 298
  Steel, Peech & Tozer, redundancy at works of, 340
Uranium as alloy to improve steel, 601
Vacuum melting furnace installation, 277
Wire patenting furnace, 972
World steel output, 1135

Metallurgical

Alloy steel, Esshete 1250, in commercial production, 87
Alloy steel, present and future requirements of India in, 1049
Aluminium content of steel as a measure of grain size, 791
Aluminium to steel, welding of, 1013
Antimony-clad "Nilo-K", 686
Argon-atmosphere teemed steels, 916
Automatic control of charging materials to blast furnaces, 859
Basic open-hearth process, heating and oxidation in the, 299
Basic open-hearth steelmaking, hydrogen in, 27
Beneficiation, wet magnetic, 154
Beryllium copper, Beryllia free Mallory 73, 689
Blast furnace drill, Joy BJD, 689
Blast furnace, gas flow and distribution of materials in the, 587
Blast furnace hot-blast stove test, 1018
Blast furnaces, use of natural gas in, 207
British Iron and Steel Research Association:
  Hydrogen in steel conference, 423, 895
  Steelmaking conference: rates of slag/metal reactions and steelmaking processes, 1105
British Standards for iron and steel, revised, 1290
British Welding Research Association engineering laboratory at Cambridge, new, 405
Broken Hill Proprietary Company, Limited, basic oxygen steel furnaces, etc., for, 473
Brutcher, Henry, translations, 128, 313, 445, 1056
Capacitors, new Silver Star, 525
Carbon in liquid cast iron, state of, 591
Cargo Fleet's new iron-ore unloader, 421
Casting operation at AEI, Limited, interesting, 583
Cathodic protection, vacation course on, 1013, 1245
Coal injection for blast furnaces, 740
Cobalt platinum permanent magnet alloy, 625
Coke saving methods in blast furnaces, 99
Continuous steelmaking, 592
Converter steel, oxygen content of basic, 1227
Corrosion in nuclear energy industry, 298
Corrosion studies, recording soil profiles for, 1384
Creep and fracture, international conference on, 423
Creep testing laboratory, new steel, 426
Cyundrical pressure vessels and tubes, 1018
Desulphurization in basic electric steelmaking, rapid, 96
Dorman Long (Steel), Limited, new stress relieving furnace of, 482
Dust extraction from the fume of electric arc furnaces, 669
Electric arc furnaces, dust extraction from the fume of, 669
Electric stress relieving furnace, big, 943
Electronic weighing for Argentina steel plant, 1362
English Steel Corporation, Limited, 80-ton electric furnace at Sheffield of the, 205
Esshete 1250, in commercial production, a new alloy steel, 87
Ferro-alloy industry in India, symposium on, 676
Ferro-alloys, oxygen-refined, 14
Foundry furnace equipment in Switzerland, EFCO, 149
Fuel or steam injection is practised, calculating the change in furnace performance when, 1007
Furnace line converted without production loss, 420
Furnace performance when fuel or steam injection is practised, calculating the change in, 1007
Furnace, recuperative one-way fired steel-melting, 1243
Furnace, steel melting in a pilot plant shaft, 1159
Gas flow and distribution of materials in the blast furnace, 587
Gas Turbine Establishment, furnace for, 1176
Gases, cleaning of open-hearth furnace waste, 1278
Grain size, proposed new ASTM standard for unified, 1127
Graphitic carbon, steel recarburization by pneumatic injection of, 150
Heating and oxidation in the basic open-hearth process, 299
High purity metals, data sheets on, 1246
Hot-blast valves of hot-blast stoves, 409
Hydrogen in basic open-hearth steelmaking, 27
Hydrogen in steel, 895
Hydrostatic extrusion developed at the National Engineering Laboratory, 750
Ingot feeder heads, solidification of, 1345, 1399
Iron and Steel Institute:
  Autumn general meeting, 902, 1299
  Bibliography on "The Rolling of Iron and Steel", new, 538
  Common Market, Mr. C. R. Wheeler's address on the, 1152
  Ironmaking, future of, 408
  Special meeting in the USA and Canada; Atlas Steels, Limited, 451; Union Carbide Corporation, 527; Fairless Works, Homestead Works and Monroeville Research Centre, 563; National Forge Company, 693; Bethlehem Steel Company, 745; Armco Steel Corporation, 781; Inland Steel Company, 843; United Engineering Centre, 901; Canada, 945; American steel industry, 961; Cleveland and Detroit, 1015; 18 Canadian and US works visited, 1067
  Translation service, iron and steel industry, 32, 252, 410, 734, 915, 1290
  Treasurer, new honorary, 280
Iron-ore beneficiation research in Czechoslovakia, 1408
Jar-Bar grizzly feeders, new GEC, 1186
LD process at the Consett Iron Company, Limited, a full scale trial of the, 343
LDAC converter at Ebbw Vale, the, 1175
Lime in electric furnace melting shop, new method of handling, 417
Lysaght's Scunthorpe Works, ore handling installation at, 579

Metallurgical—*contd.*

Metallurgical Progress:
- Argon atmosphere, pouring degassed steel in an, 471
- Argon teeming; extra refinement to vacuum degassing of steel, 1291
- Automation and process control in the Soviet iron and steel industry, 1293
- Automation for the iron and steel industry, innovation and, 469
- Blast furnace burden, a nuclear device for keeping a check on, 470
- Deoxidizing steels by vacuum, 1291
- Ferro-alloys, steelmaking, and the future, 89
- Forging finish, fluid mould aids, 470
- Fuel gas by injection through blast furnace tuyeres, utilization of, 471
- Galvanized products, alloy improves service of, 1291
- Gas cleanliness for increased production on blast furnaces, the importance of, 1293
- Heat contours metals, how, 90
- Hydraulic bulge tester determines sheet-drawing quality, 91
- Induced cracks in moulds for making better castings, 92
- Iron offers low levels of impurities, 469
- Iron-making process, production aspects of the Dwight-Lloyd McWane, 1294
- Iron-making, technology of the Dwight-Lloyd McWane, 91
- Iron-ore sintering, a review of, 1292
- Kaldo unit in France, a new 110-ton, 90
- Melting of steels—present and future, consumable-electrode, 1291
- Non-metallic inclusions—their quantitative extraction from steel, 91
- Open-coil process to change composition and improve sheet steels, the use of the, 1291
- Open-hearth furnace, dealing with fume from the, 1294
- Ore cooling in the basic oxygen steel-making process, 471
- Pipe-making, a continuous-buttweld mill modernizes, 90
- Process-control computers in the steel industry, the application of, 1293
- Producer gas and its applications, two-stage, 89
- Reproduction process made feasible by the sale of both the iron and slag, a, 469
- Sendzimir mills tuned up to roll thin tinplate, 1292
- Sheet steel, factors affecting the drawability of, 90
- Sinter fuels, cost effects of the chemical qualities of, 89
- Sinter plant computer system tightens analysis control, 469
- Sintering plant, construction and design problems involved in a new, 89
- Smelting unfired iron-ore pellets in an experimental blast furnace, 89
- Soaking pits, electrically heated, 471
- Tinplate, the rolling of ultra-thin, 1292
- Tinplating line, application of a simulator to guide the, 470
- Ultrasonics in metallurgy, how the Russians are using, 92
- Uranium improve steel, can, 470
